JUST LIKE A KNIFE THRUST

The sharp twinge of pain in the small of the back that strikes you after any sudden twist or awkward movement, tells of weak, sick, inflamed kidneys.

Men, women and children have had backs when the kidneys are sick. Especially do older folks suffer with bad kidneys, for the kidneys are the hardest-worked organs of the body, and an active life often wears them out before there are any other signs of advancing age.

Learn the early warnings of sick kidneys and then it will be easy to take any trouble in the beginning, and with Doan's Kidney Pills, to make a quick and lasting cure.

The common early signs of weak kidneys are backache, lame back, rheumatic pains, neuralgia, sharp pains when stooping or lifting, nervousness, irritability, failing eyesight, hollow, drawn features, dark circles around the eyes, dizzy spells, tired-out state, dependency.

And there are usually disturbances of the urine—too frequent passages, scanty passages, with scalding or burning pain, dark-colored, heavy

urine, having to get up at night. Doan's Kidney Pills cure sick, weakened kidneys, backache, and urinary disorders. Relief is quick, and the good done lasts. The reputation of Doan's Kidney Pills has been built up by years of success. Do not be deceived by similar names into buying imitation kidney pills which are new and untried. Get Doan's, the remedy that is backed by home testimony.

PHOENIX PROOF.

S. J. Rice, 912 Grand Ave., Phoenix, Ariz., says: "Two and a half years ago I gave a statement in favor of Doan's Kidney Pills and I now gladly confirm all I then said. My back was so painful that I could not stoop or get up from a sitting position without taking hold of something for support. I was also stiff and lame and there was a soreness across my kidneys. The kidney secretions were irregular in passage and I did not rest well. I finally learned of Doan's Kidney Pills and procuring a box I was soon restored to good health."

NOT INFERNAL MACHINE BUT APPROVING EPISTLE

Which the Gentleman From Navajo Received by Express.

Hon. William Morgan since his late speech in the convention against the exemption of church property from taxation has been the recipient

of letters from different parts of the country, outside of Arizona, congratulating him upon his effort. The writers of these letters have in most cases been misled by the press dispatches, into believing that the speech was an attack upon religion generally, a thing that was far from Mr. Morgan's intention. He was arguing an economic and not a religious question, though he took occasion to express doubt as to the utility of churches.

In the press dispatches, and in some of the papers of Phoenix, he was alluded to in connection with that address as an atheist. Mr. Morgan says he is not an atheist. To be an atheist, he says, one will have to know some things that he does not know. Mr. Morgan is therefore an agnostic rather than an atheist. But the letters which are reaching him come from professed atheists or infidels who disregard the main subject of the remarks of the gentleman from Navajo—Ought the churches pay taxes?

The other day Mr. Morgan received a postal card from Sawtelle, Cal. It bore no signature but directed him to call at the express office here and get a package. The mysteriousness of the thing aroused his suspicion. He knew of no one at Sawtelle who was likely to send him a package and he remembered that this was a favorite procedure among those who want to blow other people up. He is not a timorous man but he did not want the festivities of the festivities of the convention, now nearing its close, marred by a tragedy of which he should be the central figure. He foresaw that half the members of the convention would be rising in question of personal privilege and criticising him for permitting such a disturbance to occur.

However, he went after the express package and found that it was a letter sent by an old soldier, an inmate of the home at Sawtelle. On reading it, Mr. Morgan saw why the letter had been sent by express. The writer was aware of the postal regulations. He had something he wanted to say about churches in general and the Roman Catholic church in particular. Postmaster-General Hitchcock would not stand for it if he found it out.

TO COMPLETE WORK ON CENTRAL AVENUE

PROPOSED PLAN FOR HARMONIZING DIFFERENCES.

Resolution to be Considered By Trustees At Today's Meeting.

Those who have read the Phoenix papers recently are already pretty well informed respecting the status of the Central avenue controversy up to date, or at least up to Saturday. On Saturday the following resolution was presented to the board of trustees by Dwight B. Heard, one of their number, as a plan for settlement of the controversy and the completion of the work undertaken by the district. No action was taken at Saturday's meeting but the resolutions are to be given consideration at a meeting of the trustees to be held today.

"Resolved, That no further expenditure of the funds now in the hands of this board shall be made in road construction from the north end of Central Avenue boulevard except that amount necessary to open for traffic the north two and five-eighths miles of said boulevard.

"That in case the owners of the lands within the road district lying north of the Grand canal will promptly contribute the sum of \$6.00 per acre of said lands to create a special fund in aid of the construction of said boulevard, said special fund together with the sum of \$500.00 from the funds now in the hands of the trustees, or so much thereof as shall be necessary to open said boulevard to traffic as far south as the Grand canal—shall be used in continuing the construction of said boulevard from the north end southward.

"After the expenditures of this special fund work on the construction of the boulevard shall be commenced from the south end of the road district. Provided, that in any event work at the south end shall be commenced not later than January 15th, 1911, and continued north to the full extent of the funds in the hands of the board.

To insure the completion of the entire boulevard as soon as work is started at the south end the district an organized effort shall at once be made to raise a fund of \$4,000, from those living south of the Grand Canal within the road district, the city of Phoenix and its citizens. And to provide further additional funds two-thirds of the money available from the maintenance tax for 1911, approximately \$2,000, shall be used in road construction.

"Resolved further, That this board urge upon the United States Indian Service the desirability of an appropriation of \$5,000 toward the completion of this boulevard in view of the fact that the government owns a half mile of frontage on the boulevard now exempt from taxation, and that the Indian school traffic upon the road is exceptionally heavy.

"Construction throughout the road to consist of a central strip of oiled highway 16 feet wide, in accordance with the specifications of Mr. Carl Sherwood, the engineer in charge, with such widths of oiled shoulders as Mr. Sherwood may recommend."

LITTLE SISTER

Mr. Black—Well, Tommy White, can your little sister Bessie talk yet?

Tommy—No; she doesn't have to. Mr. Black—Why not?

Tommy—Cos she only has to yell and she gets everything in the house that's worth having.—Comic Cuts.

DISAPPOINTING

The pumpkin is most fair to see. For yellow luster you can't beat it. Perhaps that's why it seems to be a gold brick when you try to eat it.
